

## Solutions to Dumping Trash

The Clean Community Committee has picked up over the past year a set of tires, a bed frame, a television, and boards from the Adopt-A-Waterway area of Pleasure House Lake and recently a La-Z-Boy recliner was dumped in the area. The city of Virginia Beach offers various refuse pick-up services to the community. The following is some helpful information on these services.

The city will pick up lawn debris in piles no larger than 4'x4'x4' on your regular pickup day. For pickup of bulky items such as furniture and electronics call 385-4650 before 5 p.m. the day before your regular pick up. For items such as tires, batteries, and construction materials the Resource Recovery Center will accept items between the hours of 7 a.m. and 4:30 p.m. Tuesday- Saturday located at 1989 Jake Sears Road Virginia Beach Virginia.
